Mystery Writers: their series & their stand-alone novels

Did you ever try reading an author that was new to you, but unfortunately the book you started to read is in the middle of a series, making you feel like you're missing out on something in the plot?

To help you avoid this, here is a list of mystery writers who have written stand-alone novels (in addition to their series) that can be read on their own, providing an introduction to a writer and their style.
