Check out the Wayne Widgets

What is a Wayne Widget? Widgets are items that you might only need to use once or an item you are thinking of purchasing but you want to try it out first. Each item can be borrowed free of charge for one week and all you need is your adult Wayne Library Card. Simply stop by the Reference Desk and ask for the widget of your choice. Due the nature of their packaging they must be borrowed from and returned to the Main Library and cannot be placed in the book drop.
